Math 151A
Introductory Assignment

Part 1 of 3: (Due *in class* on Friday, September 23)
This is your chance to introduce yourself on paper.

Some things you might include:

- Your name and photo
- Contact information
- Where you are from
- What your major and/or career aspirations are
- Why you came to OSU
- Your hobbies and extracurricular activities
- How you feel about math

Be creative! (some ideas: a "Passport" with your picture and information, a "trading card", your mathematical autobiography, etc.)

Part 2 of 3: (Office Visit - Must be completed by Friday, September 30!)
You can come by anytime during my normal office hoursor TR 10am-12pm. Unless you have questions, you don't need to allot much time for this visit: 5-10 minutes tops!

Part 3 of 3: (Must be completed by Friday September 23)
Go to the class website and use the anonymous comment submission form...only please don't make it anonymous. Send your name along with anything you'd like me to know about how class is going so far for you.
