To Whom It May Concern:

I am writing this letter on behalf of Jessica Freire. Ms. Freire has been an art intern at West Valley Middle School during this school year.

Ms. Freire has done an excellent job teaching art classes while at West Valley Middle School this year. She has an outstanding knowledge of the subject matter, and she is easily able to convey her knowledge to the students. The students respect Ms. Freire and respond well to her. She is very calm, low key, and patient with the students.

Ms. Freire also has a good relationship with the staff members at West Valley Middle School, and she has been able to work effectively with both her mentoring teacher and the other art teacher as well. She has always fulfilled her job responsibilities, and she is always willing to help where needed.

Ms. Freire has much to offer as an art teacher, and it is my hope that she is offered an opportunity to teach so that she can share her talents with others.

Sincerely,

Jane Finley
Assistant Principal
West Valley Middle School
