- Check your projected SAT scores online: Did you know you can add a "0" to the end of each PSAT/NMSQT score to find the equivalent SAT scores?
- See how your performance compares to that of students in your state: Did you know two-thirds of U.S. students begin college in their home state?

The Selection Index (S.I.) is the sum of your critical reading, mathematics, and writing skills scores. NMSC uses the S.I. as an initial screen of over 1.4 million students who enter its scholarship programs (see reverse).

The asterisk () next to your Selection Index means you do not meet entry requirements for NMSC's 2009 programs. See your responses to entry items below and further information on the reverse side.
