

## **Text Acquisition Options**

The following are options available regarding the required textbook for this class:

- Option #1: Purchase the custom package of the book + Enhanced Web Assign access from the bookstore. Special, reduced pricing has been arranged by the department. A new text/passkey bundle costs \$137.25, a used text alone costs \$65.25, and the passkey alone is \$35.00 You must have both the text and passkey.
- Option #2: Use the link  
<https://www.cengagebrain.com/t11/en/US/storefront/US?cmd=catProductDetail&showAddButton=true&ISBN=978-0-618-95847-4>  
to get access to discounts direct from the publisher of up to 50% using their online store and distribution. Savings for rental can be 50% or more. You can check out the entire online store at [www.cengagebrain.com](http://www.cengagebrain.com), but the link above goes straight to the required text for this course. If you go this route, you will still need to purchase Web Assign access. There will be more information about this option presented the first week of class.
- Option #3: Purchase the Web Assign + Ebook option direct from Web Assign's website for \$62.00. You can do this after classes begin because Web Assign does grant 14 days free access. After that, you will be prompted to enter a passkey or purchase one direct from them.
- Option #4: Source a used book on your own, and purchase the Enhanced Web Assign passkey direct from the campus bookstores for \$35, or from Web Assign's website, [www.webassign.net](http://www.webassign.net) for \$37.
