

MGSC Meeting – 3/27/15

Attending: Bly, Massaro, Rooker, Weber

Working through the draft of the by-laws, changes were agreed upon. The changes are planned to be completely written into the draft by Monday 3/30. The MGSC will then communicate via email to accept the draft as a final copy to be submitted.

The topic of an inaugural town hall meeting for this semester was discussed. Ayres 405 has been reserved from 4:30-6:00pm on Friday 4/17/15. Making tea-time-like baked goods to incentivize attendance was proposed. Such a time on Friday could lead to students heading to dinner together elsewhere that night.

Reinstating snack sales to generate revenue for the MGSC was discussed. Finding a way to prevent theft but not officially install a vending machine (which Pam mentioned in last meeting was not allowed) is the current challenge. Darrin mentioned having a Sam's Club card, which would help reduce costs initially. Eventually, the MGSC would purchase its own Sam's membership from snack sales.

MGSC website structure and function will be discussed in a future meeting.
